## LOCATION FEATURES

Kilkenny is a town famous for its medieval buildings and castle located in southeast of Ireland. Kilkenny is just 70 minutes away from Dublin making it the closest city to the capital. The town has deep religious roots and many well-preserved churches and monasteries. While Kilkenny may be best known for the sport hurling, the county has plenty more to offer.

Loreto's unique characteristic spirit derives from the vision and spirituality of Mary Ward who founded the Loreto Order over 400 years ago. She wished to pioneer a new role for women in the church and society.
