

DRAWING & PAINTING

Bede’s Drawing & Painting Academy offers students an opportunity to improve their technique and create. Every artist should enjoy painting and drawing in an individual way since art is unique to everyone. However, there are some common techniques that will help students to express their ideas more easily. This course will expose students to a variety of these techniques to help them create great art. Individual guidance and insights on how to enhance any drawing or painting will be given to help students to build on their skills and create a wonderful final piece to be proud of. This can be added with other artworks into a portfolio for students to take home at the end of the course.

OBJECTIVES

- To develop Individual work on still life, landscape or portraiture
- To produce a series of drawn sketchbook pages using line, shape and tone in drawings
- To observe still life, breaking objects down into basic forms, studying the use of circles, cylinders and ellipses
- To study painting techniques, looking at the work of others and the techniques they have used
- To create and control three dimensions with shade, tone and use of texture
- To play with paint, having a go at wet techniques and use of colour washes
- To trial the use of waterproof and non- waterproof inks, painting trees and seas to create texture and atmosphere in your work
- To learn acrylic painting techniques, blending and brush strokes, creating texture and tone
- To broaden students’ artistic horizons and improve language skills when talking about art.
