

E-KART RACING

Bede's E-Kart Racing Academy offers students the chance to experience the thrill of electric kart racing while learning the fundamentals of speed, control, and strategy. With expert instructors, students will develop their driving skills, improve their reflexes, and understand the mechanics of racing in a safe and controlled environment. Whether aiming for fun or pursuing competitive racing, this academy provides an exciting introduction to the world of motorsports.

FURTHER INFORMATION

Student height and weight is required for this academy.

OBJECTIVES

- To teach students the fundamental principles of e-kart racing, including driving techniques, vehicle handling, and race strategies
- To develop students' reflexes and coordination through hands-on practice and simulated racing environments
- To promote safety and awareness by educating students on proper kart handling, safety gear, and race track rules
- To foster sportsmanship and teamwork by encouraging students to participate in team races and collaborate with fellow racers
- To introduce students to the mechanics and technology behind electric karts, helping them understand how e-karting works.
