Our Student Support Team

takes great care of our students

Studying abroad is a great opportunity for students to learn new life skills, including independence and responsibility. Adjusting to life in a new country, new school and new family can be a challenge, so our caring support staff are there to help students develop practical problem solving strategies and the confidence to apply them. By facilitating clear communication between students, teachers and families, we ensure that all students have the best academic, homestay and social experience possible.

During my stay in Abbotsford I truly found my second home.
Saskia, Germany

Marie and the Currie family

Homestay

We carefully select our home stay families according to the highest standards for each student's safety and comfort. We ensure each International student has clean and comfortable accommodation, nutritious meals and a welcoming home environment.
