Time to Shine

Building the foundations of legal expertise

Today, giving great presentations are a vital skill for achieving academic and professional success. Our programmes reflect this by having the 'art of presenting' at the heart of their content, and allow you to discover new confidence when using English in public situations. It's more than just a chance to enhance your public speaking skills, though; it's an opportunity for you to share your passion and subject knowledge with your fellow classmates. Through your presentations, you will become sources of inspiration, and encourage others to delve deeper into your subject.

What You'll Learn

- Gain an insight into the major fields of law, including Tort Law, Family Law, Criminal Law and Contract Law.

- Be introduced to the essentials of legal language and legal argumentation.

- Participate in a guest lecture from a working barrister who will guide you through the processes in legal trials in the UK.

- Take part in our exciting Time to Shine projects, in which you and your classmates will simulate a trial in a real court room.

- Develop and apply core 21st century skills through fun and engaging lessons, including critical thinking, communication, creativity and collaboration.

Industry Experience

Enhance your academic foundation with our comprehensive Industry Experience sessions. These sessions are both on-site, in which you will participate in workshops on-campus that are led by an industry professional and blend practical engagement with immersive learning, and off-site, in which students engage in excursions that complement your course content and will broaden your horizons.

During our Law course, gain real courtroom exposure and witness the law in action by visiting Oxford Crown Court to observe live trials, getting a first-hand view of the legal proceedings and courtroom dynamics. You can also elevate your understanding of the legal process by participating in mock trials. Held in the historic Old Court Room of Oxford Town Hall, these sessions not only boost your legal reasoning skills but will also hone your advocacy and argumentative abilities.
